DETAILED ACTION

Drawings

1. The drawings were received on 12 February 2007. These drawings are accepted.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claim 13 is rejected under 35 U.S.C. 102(b) as being anticipated by Kusz US 5,803,287.

Kusz '287 teaches a container with an external finish (28), a thread (30), an unlabeled internally tapered surface, and at least one external radial projection (34).

Allowable Subject Matter

4. Claims 1, 3-9 and 11-12 are allowed.

Response to Arguments

5. Applicant's arguments filed 12 February 2007 have been fully considered but they are not persuasive.

Applicant argues Kusz '287 does not teach an internally tapered surface extending to the neck finish end.

Examiner notes instant figure 1 which shows tapered surface does not extend to the neck finish either. To the best degree the Examiner understands the claimed invention, the tapered surface (62) only extends partway down the top edge of the neck. The remaining portion of the neck (28) is described in the specification as "generally cylindrical" on page 4 of the Specification. Therefore, the Examiner asserts the tapered surface of Kusz '287 extends as far to the neck finish end as that of the instant invention.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
